INVENTORY CATALOG

SYSTEMS & AMP RACKS

Professional audio systems delivering clarity, coverage, and scalability for live events of any size.

ADAMSON SYSTEMS

OUTDOOR | LONG-THROW

S10 LINE ARRAY
Compact full-range line array solution designed for scalable touring, corporate, and live event deployments.

S119 SUBWOOFER
Companion subwoofer engineered to extend low-frequency performance for S10-based systems.

E12 LINE ARRAY SYSTEM
Three-way line array system optimized for high-output touring and large-scale live productions.

E119 SUBWOOFER
High-performance subwoofer developed to deliver powerful low-end reinforcement for E-Series systems.

M212 STAGE MONITOR
Low-profile stage monitor providing high output, excellent pattern control, and strong gain before feedback.

E-RACK SYSTEMS

CORPORATE | BROADCAST | LARGE POWER

12K AMPLIFIER RACK
Compact touring amplifier rack designed to power small to mid-size audio systems with efficiency and reliability.

20K AMPLIFIER RACK
High-capacity touring amplifier rack engineered to support large-format audio deployments and full system builds.

DAS AUDIO SYSTEMS

TOURING | SCALABLE | HIGH OUTPUT

DAS AUDIO EVENT-26A
Powered line array module designed for medium to large-scale live event reinforcement.

DAS AUDIO EVENT-115A
Powered subwoofer delivering extended low-frequency support for live sound systems.

DAS AUDIO EVENT-M210A
Compact powered line array element engineered for high-output, portable deployment.

DAS AUDIO MARA-80
High-performance line array module designed for large-scale touring and production.

DAS AUDIO MARA-100
Advanced touring-grade line array cabinet built for high-impact concert reinforcement.

DAS AUDIO MARA SUBWOOFER
High-output subwoofer engineered for powerful low-frequency reinforcement.

DAS AUDIO AX-MARA
Rigging and deployment hardware designed for efficient Mara array configuration.

DAS AUDIO AX-EV26
Rigging frame designed for secure deployment of Event-26A line arrays.

DAS AUDIO ARA-P115
High-output powered loudspeaker designed for versatile live reinforcement applications.

AUDIO/POWER RACK

DAS | AMPLIFIER | POWER

ARA-208-MK2
Compact audio rack designed for powerful, scalable sound reinforcement for live events

INVENTORY CATALOG

SYSTEMS & AMP RACKS

Professional audio systems delivering clarity, coverage, and scalability for live events of any size.

AUDIO

NEXO SYSTEMS

DISTRIBUTED | PORTABLE | UTILITY

NEXO PA - PS15

Professional loudspeaker system for touring and event applications.

NEXO PA - PS10

Compact speaker for touring and event applications.

NEXO SUBWOOFER - LS600

Subwoofer system for low-frequency reinforcement.

NEXO SUBWOOFER - LS800

Subwoofer solution designed to support distributed audio and small-format system applications.

AMPS & RACKS

CORPORATE | BROADCAST | LARGE POWER

NEXO NX 4X4

Integrated amplifier and processing unit designed specifically for NEXO loudspeaker systems and system control.

PLM 12K 44

High-performance touring amplifier designed for reliable multi-channel power and system flexibility.

PLM 20K 44

High-output touring amplifier engineered for demanding live sound and large-scale reinforcement systems.

QSC SYSTEMS

UTILITY | DISTRIBUTED SOUND | GENERAL PURPOSE

K8.2 POWERED LOUDSPEAKER

Compact powered loudspeaker ideal for monitors, fills, and small-format audio reinforcement.

K12.2 POWERED LOUDSPEAKER

Versatile powered loudspeaker suitable for mains, monitors, and portable audio deployments.

AVANTE SYSTEMS

PORTABLE | POWERED | FLEXIBLE SOLUTIONS

A12 ACTIVE LOUDSPEAKER

Powered full-range loudspeaker designed for flexible deployment in corporate and live event environments.

A10 ACTIVE LOUDSPEAKER

Compact active loudspeaker well-suited for breakout rooms, delays, and distributed audio applications.

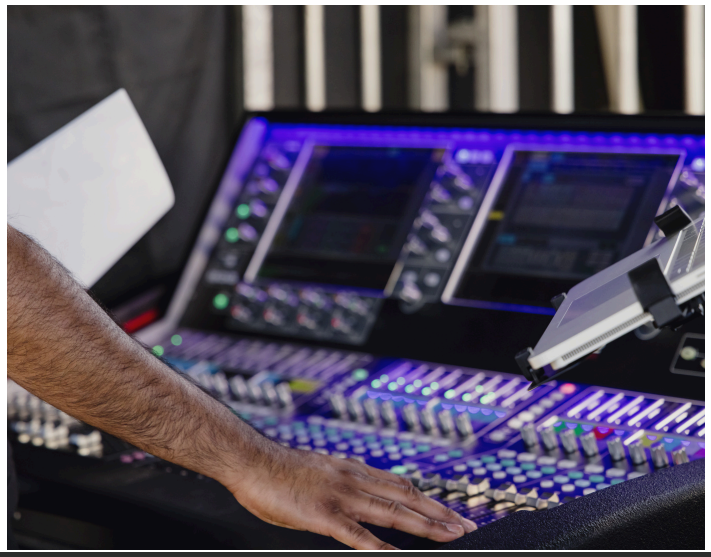

A18S ACTIVE SUBWOOFER

Powered subwoofer delivering extended low-frequency support for Avante loudspeaker systems.

AS8

Portable column PA system designed for compact live sound reinforcement, mobile events, and presentation environments.

INVENTORY CATALOG

CONSOLES, MIXERS & PERSONAL MONITORS

Professional mixing consoles designed for live events, broadcast production, and installed sound applications – delivering reliable control, flexible routing, and intuitive operation across a wide range of productions.

ALLEN & HEATH

FOH | BROADCAST | TOURING

DLIVE S5000

Enterprise-level digital mixing system built for large-scale live production and broadcast environments.

AVANTIS

High-performance digital mixing console for advanced live production, touring, and broadcast applications.

SQ6

Compact digital console offering powerful processing and flexible workflow for live sound/corporate events.

DLIVE DM64-RUFX

Rack-mount MixRack delivering powerful processing and flexible I/O for Allen & Heath dLive systems.

GX-4816

High-capacity remote I/O rack designed for seamless integration with Allen & Heath mixing systems.

DX168

Remote stagebox providing flexible digital I/O expansion for Allen & Heath systems.

DX012

Compact remote I/O expander designed for flexible system expansion in Allen & Heath digital audio networks.

BEHRINGER

FOH | broadcast | touring

SD8 STAGE RACK

Compact digital stagebox providing remote I/O expansion for Behringer digital consoles.

X32

Versatile digital mixing console with flexible routing and onboard processing for live events.

S32 STAGE RACK

32-channel digital stagebox designed for remote audio I/O in live production environments.

PERSONAL MONITORS

MONITOR | CONTROL | FLEXIBILITY

BEHRINGER X32

Digital mixing console widely used for monitor mixing, portable production, and scalable live sound systems.

BEHRINGER X AIR

Compact digital mixer designed for wireless control and flexible monitor or small-event applications.

STAGE RACKS

REMOTE I/O | EXPANSION | INTEGRATION

BEHRINGER S32

Digital stage rack providing flexible remote I/O expansion for live sound systems.

BEHRINGER SD8 STAGE RACK

Compact stage rack designed for portable digital I/O expansion and distributed audio setups.

AVID

FOH | BROADCAST | TOURING

VENUE SC48

Proven digital mixing console designed for touring, houses of worship, and live production.

STAGE 48

Digital stagebox designed to expand I/O capacity for Avid Venue mixing systems.

YAMAHA

FOH | BROADCAST | TOURING

LS9-16 CHANNEL

Compact digital mixing console designed for live events, portable systems, and installed audio applications.

MACKIE

FOH | BROADCAST | TOURING

1402-VLZ

Compact analog mixer ideal for small productions and breakout rooms.

SOUND CRAFT

DIGITAL | NETWORKING | I/O

EPM 8

Portable analog mixer designed for presentations and small event audio.

PORTABLE ANALOG CONSOLES

COMPAT | RELIABLE | BREAKOUTS

ALLEN & HEATH ZED-10I

Compact analog mixer designed for small-format events, corporate setups, and portable audio applications.

EXPANSION CARDS & SERVERS

FOR DLIVE | AVANTIS SYSTEMS

GIGAACE CARD 128X128

High-capacity networking expansion card designed for ultra-low latency digital audio transport.

DANTE CARD 128X128

Network audio interface card enabling high-channel-count Dante integration for live production systems.

WAVES CARD 128X128

Audio processing interface card enabling integration with Waves SoundGrid systems.

WAVES SERVER EXTREME-C

Dedicated processing server designed to power Waves real-time audio plug-in environments.

WAVES SUPERRACK (FOR WAVES CARD)

Real-time plug-in host software designed for professional live audio processing workflows.

WAVES PLUG-INS (FOR WAVES CARD)

Professional audio processing suite designed to enhance clarity, dynamics, and tonal control in live environments.

MOVING LIGHTS

Tour-grade intelligent lighting solutions for corporate, broadcast, and large-scale live events.

BEAM

POWER | BEAM | AERIAL

BEAM
High-intensity IP-rated beam fixture designed for long-throw applications in outdoor and arena environments.

RADIUS
Laser-based IP fixture delivering ultra-tight beams for aerial effects and large-scale productions.

EXCALIBUR
Long-life IP-rated beam fixture optimized for high-impact aerial effects and outdoor deployments.

HYBRID
Versatile IP-rated hybrid fixture capable of beam, spot, and wash applications in one platform.

HYBRID MAX
High-output hybrid fixture engineered for maximum versatility across large touring and festival stages.

ELATION PLATINUM HFX
Hybrid effects fixture designed for dynamic beam, spot, and wash looks with integrated visual effects.

SPOT / PROFILE

PRECISION | FRAMING | PROJECTION

PARAGON S
Compact IP-rated framing profile fixture delivering premium color accuracy and precision control.

PARAGON M
Mid-range IP-rated framing fixture designed for high-end corporate and touring applications.

LUCIUS
Compact IP-rated framing profile fixture ideal for precision key lighting in demanding environments.

MAXIMUS
Flagship IP-rated framing profile fixture delivering exceptional output for broadcast and arena use.

PROTEUS BRUTUS FS
Full-spectrum IP-rated LED follow spot fixture designed high intensity effects and long distances.

SFX
Creative spot and effects fixture suited for texture, gobo, and atmospheric applications.

FUZE MAX PROFILE
Full-spectrum framing profile fixture delivering precise shuttering and accurate color reproduction.

ELATION SATURA PROFILE
Compact profile fixture suited for corporate, theatrical, and general-purpose key lighting.

ELATION PLATINUM PROFILE 35 PRO
Profile fixture built for crisp projection, clean gobo looks, and reliable performance across shows.

WASH

COVERAGE | COLOR | ATMOSPHERE

PROTEUS BRUTUS
Full-spectrum IP-rated LED wash fixture designed high intensity effects and long distances.

FUZE WASH 500
Full-spectrum LED wash fixture designed for smooth color mixing and even stage coverage.

FUZE WASH Z350
Compact zoom wash fixture ideal for corporate, theatrical, and broadcast environments.

FUZE WASH FR
Framing wash fixture combining soft wash output with controlled beam shaping.

RAYZOR 360Z
Professional-grade wash fixture delivering fast movement and dynamic visual impact.

RAYZOR 760
High-output wash fixture featuring continuous pan and tilt for bold aerial and wash effects.

DESIGN WASH LED ZOOM
LED wash fixture with smooth color mixing and zoom flexibility for stage coverage and event lighting.

SPECIALTY

VISUAL | ACCENT | EFFECTS

RAYZOR BLADE S
Linear LED wash fixture designed for pixel effects, audience looks, and stage architecture.

RAYZOR BLADE L
High-output wash fixture featuring continuous pan and tilt for bold aerial and wash effects.

LIGHTING

FX

High-impact visual effects lighting for concerts, broadcasts, and immersive live productions.

LED BLINDERS/STROBES

AUDIENCE | IMPACT | ENERGY

SOL I BLINDER
High-output LED blinder fixture designed for powerful audience looks and stage emphasis.

CUPIX BLINDER WW4
Warm-white LED blinder delivering classic tungsten-style punch for audience and stage lighting.

CUPIX BLINDER WW2
Compact warm-white blinder fixture ideal for smaller rigs and scenic integration.

ELATION PALADIN
High-output LED wash and strobe fixture designed for large-scale stage and audience applications.

PULSE PANEL
Versatile LED panel fixture delivering bold strobe effects and dynamic visual looks.

PULSE PANEL FX
Enhanced effects panel designed for pixel-based strobe and visual impact applications.

PULSE BAR L
Linear LED fixture suited for strobe effects, accents, and scenic integration.

CUEPIX 16IP
IP-rated LED panel delivering intense strobe and wash effects for indoor and outdoor use.

CUEPIX PANEL
Compact LED panel fixture designed for creative strobe and pixel effects.

ELATION PROTRON 3K
High-intensity strobe fixture delivering sharp, impactful flashes for concert and broadcast environments.

ELATION DTW 700 IP
IP-rated dynamic white wash fixture designed for outdoor stage lighting, broadcast applications, and front-of-house illumination with smooth color temperature control.

LASERS

AERIAL | ATMOSPHERE | VISUAL IMPACT

X-LASER SKYWRITER HPX M-10
Compact laser system ideal for indoor productions, immersive environments, and precise aerial effects.

FX LIGTHS

ULTRAVIOLET | IMPACT | ENERGY

UV BAR FIXTURE
Linear UV fixture engineered for even blacklight coverage across stages and scenic installations.

COMPACT LED STROBE
Compact LED strobe fixture delivering sharp flash effects for stage and event use.

STRING LIGHT FLASH ROPE
Decorative rope light designed for flashing accent effects and event lighting.

INVENTORY CATALOG

LED PARS, PINSPOTS & FRESNELS, LEKOS

Compact, versatile LED fixtures for uplighting, scenic accents, and architectural illumination.

LED PARS

CORPORATE | BALLROOM | UPLIGHT

SIX+PAR S
Compact LED par designed for clean stage wash and uplighting applications.

SIXPAR 300IP
High-output IP-rated LED par designed for outdoor uplighting and architectural applications.

SIXPAR 100IP
Weather-resistant LED par ideal for small-format uplighting and accent lighting.

SIXPAR 100
Entry-level LED par suitable for general-purpose stage and scenic lighting.

ELATION EPAR QW
Full-spectrum LED par delivering smooth color and white light for stage and event environments.

LEKOS

PRECISION | FRAMING | CONTROL

ELATION COLOR 5 PROFILE
Compact LED profile fixture designed for precise key lighting, theatrical specials, and small-stage applications.

ELATION WW PROFILE
Warm white profile fixture engineered for clean front light, natural skin tones, and theatrical key applications.

CHAUVET LEKO
LED profile fixture designed for reliable beam shaping, gobo projection, and versatile stage coverage.

BATTERY POWERED

OUTDOOR | BATTERY POWERED FIXTURES

ADJ ELEMENT HEX IP
Battery-powered IP-rated LED par with modern chrome finish for visible scenic and architectural placements.

ADJ Q6 MIRAGE (CHROME)
Battery-powered IP-rated LED fixture designed for fast deployment and wireless uplighting.

ELATION VOLT Q5E
Battery-powered IP-rated LED uplight designed for fast deployment, wireless control, and clean architectural lighting.

MAD PAR 4 IP
Battery-powered IP-rated LED fixture designed for fast deployment and wireless uplighting.

MAD PAR TOWER SQ
Transforms MAD PAR fixtures into lluminated square columns, creating bold architectural lighting effects for stages, events, and decorative installations.

MAD PAR TOWER SQ
Large globe diffuser transforms MAD PAR fixtures into elegant spherical luminaires, producing soft, uniform 360° illumination for immersive lighting applications.

FRESNELS

FRONT LIGHT | STAGE WASH | BROADCAST

ELATION DW FRESNEL
Warm-white Fresnel fixture designed for smooth stage washes and traditional theatrical front lighting.

ELATION KL FRESNEL 8 FC
Full-color Fresnel fixture delivering soft field washes and accurate color rendering for broadcast, theater, and live production.

CONVENTIONAL, STUDIO & FOLLOW SPOTS

Traditional lighting fixtures designed for stage illumination, scenic washes, and theatrical applications.

ETC CONVENTIONAL

THEATRICAL | WASH | UTILITY

COLORTRAN 5-50 ELLIPSOIDAL

Ellipsoidal fixture designed for theatrical front light, pattern projection, and stage focus.

ETC SOURCE FOUR PARNEL

Theatrical PAR fixture designed for stage wash and key lighting.

PAR CANS

Traditional PAR fixture designed for durable, high-output stage wash applications.

ETC SOURCE FOUR ELLIPSOIDAL

Ellipsoidal profile fixture engineered for sharp beam shaping, gobo projection, and precise key lighting.

ELLIPSOIDAL LENSES

- 10, 19, 26, 36, 50 degree lenses.

FOLLOW SPOTS

LONG-THROW | TRACKING | HIGHLIGHT

ELATION PRO FS 15R FOLLOWSPOT

High-intensity followspot designed for long-throw performer tracking in large venues and theaters.

ALTSPOT 1000W QUARTZ FOLLOW SPOT

High-output quartz follow spot designed for long-throw key lighting.

ZACTRACK SMART SYSTEM

TV & STUDIO LIGHTING

BROADCAST | KEY LIGHT | SOFT OUTPUT

ELATION TVL 2000

LED soft light fixture designed for camera-friendly illumination and studio applications.

APETURE 300X

Bi-color LED fixture designed for film, broadcast, and interview lighting applications.

ELATION KL PANEL

Soft LED panel fixture designed for studio lighting, interviews, and broadcast environments.

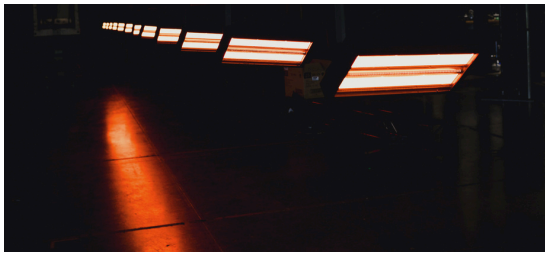

APETURE FRESNEL 2X

Beam-shaping accessory designed to increase output and control from LED studio fixtures.

APETURE LIGHT DOME II

Professional softbox modifier that delivers soft, even diffusion and natural light wrap for film, broadcast, and studio lighting applications.

BATTENS, BARS & DECORATIVE LIGHTING

Linear and decorative lighting fixtures designed for scenic integration, stage accents, architectural environments, and event atmosphere.

BARS & STRIPS

LINEAR | ACCENT | SCENIC

ELATION PIXEL BAR 60 IP

High-output IP-rated LED par designed for outdoor uplighting and architectural applications.

ELATION PIXEL BAR 30 IP

½ Meter High-output IP-rated LED par designed for outdoor uplighting and architectural applications.

REBEL BAR HIP65 AC 100

IP-rated linear LED fixture designed for outdoor accent lighting and scenic color applications.

DLED STRIP RGBAW

Linear LED strip fixture designed for scenic accents and continuous color-wash applications.

SIXBAR 1000 IP

Compact IP-rated LED par offering flexible color mixing for exterior and interior use.

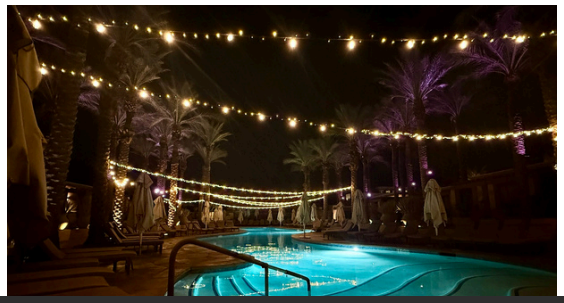

ELATION DLED 36 BRICK

LED wash fixture designed for vibrant color mixing and scenic lighting applications.

CONSOLES

Professional lighting control consoles designed for touring, broadcast, theatrical, and corporate production environments.

MA LIGHTING

CONTROL | PROGRAMMING | PLAYBACK

GRAND MA 3 FULL
Flagship lighting console designed for large-scale touring, broadcast, and complex show control environments.

GRAND MA 3 COMPACT
Professional touring console offering powerful control in a compact footprint.

GRAND MA 3 LITE
Versatile lighting console suited for mid-size productions, corporate events, and touring applications.

GRAND MA 2 ONPC COMMAND WING
Hardware control wing providing professional playback and programming control for MA2 onPC systems.

GRAND MA 2 ONPC FADER WING
Playback expansion wing designed to extend control capabilities of MA2 onPC systems.

PROCESSING UNIT - M

VISTA

Timeline | Visual | Intuitive

S3
Lighting console designed for intuitive timeline-based programming and live event workflows.

L5
High-capacity Vista lighting console built for complex productions and multi-universe control.

S1
Compact lighting console for corporate events, houses of worship, and small productions.

M1
Portable lighting control solution for smaller rigs and mobile productions.

MV
Media-focused Vista control surface designed for lighting and video integration.

T4
Touchscreen lighting console designed for flexible control in live environments.

OBSIDIAN

FLEXIBLE | VISUAL | INTUITIVE

ONYX NX2
Professional lighting console designed for live production, touring, and installation environments.

MARTIN M1HD W/ ONYX SOFTWARE
All-in-one lighting console designed for powerful control and flexible deployment in professional production settings.

ELATION

SIMPLE | UTILITY | CONTROL

SCENE SETTER 48
Basic lighting controller designed for conventional lighting and dimmer control.

SCD-6
Compact lighting controller designed for simple fixture control and testing.

NANO HOG 4
Compact lighting console designed for small productions, touring rigs, and backup control.

DR-PRO RACK
Compact lighting console designed for small productions, touring rigs, and backup control.

ETC

THEATRICAL | CUE-BASED | RELIABLE

EXPRESS 48/96
Classic ETC console designed for theatrical dimming and cue-based programming.

EXPRESSION 3
Theatrical lighting console designed for stage productions and installations.

SMART FADE
Simple lighting console designed for small venues, houses of worship, and corporate events.
